# Five steps to customize your kitchen environment.

**NEOD**

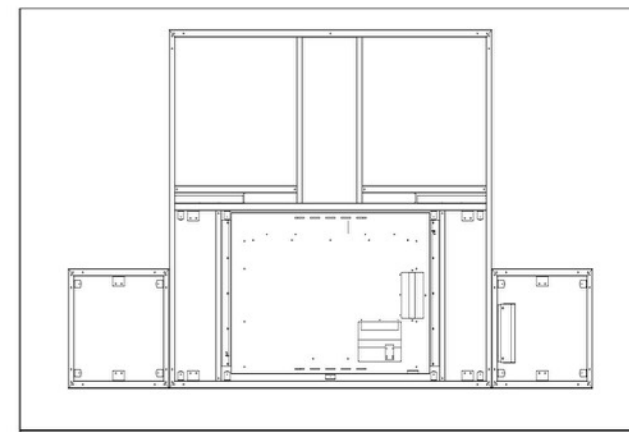

**Step 1:** Send NEOD a quotation request along with a photo, drawing or handmade draft showing the dimensions required for your project.

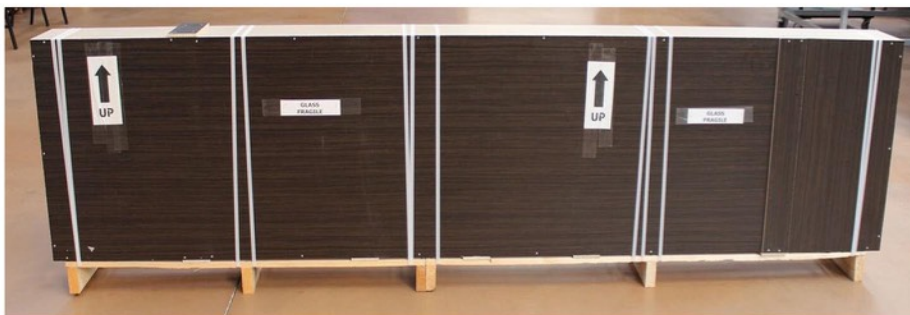

**Step 2:** NEOD will prepare a design/ layout drawing and related quotation for approval.

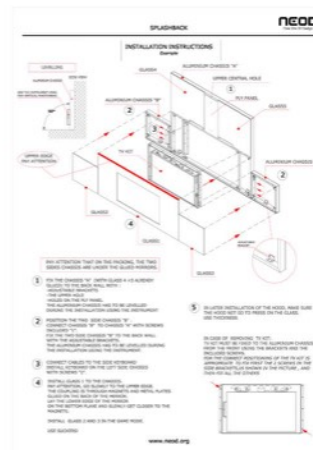

**Step 3:** upon your acceptance of drawing and quotation and receipt of PO, NEOD will proceed with the manufacture of the product.

**Step 4:** before shipping, NEOD will assemble the product and fully test it in NEOD laboratory. To protect the product during transport, NEOD will pack it inside a custom wooden crate.

**Step 5:** the NEOD product, complete with its personalized installation instructions, will arrive ready to be installed by competent and authorized personnel.
